

Microbiology Bonus Points
The Center for Disease
www.cdc.gov

This exercise is designed to familiarize you with resources posted on this Web site. You will be directed to follow a “pathway” of links in order to answer a question. So to start you will need to go to www.cdc.gov

1. What is the CDC?
2. Disease and Condition ---> more ---> Human Papilloma Virus ---> Fact Sheet ---> ? ---> What is HPV?
3. Health Living ---> More ---> Vaccines and Immunizations ---> Parents ---> 14 Diseases You Almost Forgot About ---> ? ---> What is the DtaP vaccine?
4. Travelers Health ---> More ---> Disease Directory ---> Scabies ---> ? ---> What is scabies?
5. Emergency Preparedness ---> ? ---> What are the main categories listed under Emergency Preparedness?
6. More CDC Topics ---> Disease of the Week ---> ? ---> What is this week's “Disease of the Week”?
7. Scroll down to the bottom of the Home Page Under the Science heading Emergency Infection Diseases ---> ? ---> What is the first article posted under “Expedited Ahead of Print Articles”?
