

Microbiology
Unit Four Vocubular Terms

C17

Adaptive immunity
Antibodies
Antigen presenting cells
Cytokines
Helper T cells
Humoral immunity
Innate immunity
Plasma cell
T cell receptors

C18

Herd immunity
Hybridomas
Vaccine

C19

Anaphylactic
Cytotoxic
Delayed cell-mediated reaction
Hypersensitivity
Immune complex
Super antigens

C20

Bactericidal
Bacteriostatic
Carbapenems
Penicillins
Superinfection
